Network management and QoS provisioning

Rules to fix an examination date

Send an e-mail to andrea.bianco@polito.it to fix a date for the examination. In the e-mail, specify a set of possible dates (few days is normally ok) and provide a phone number at which I can reach you in case of last minute problems.

The examination is a colloquium, typically taken in my office (see point 2 in the below included map).

It is not necessary, nor significant, to reserve the examination date on the Politecnico Web portal. Indeed, official examination dates are only an indication of possible dates in which to take the exam. There will be NO exam on the official dates unless explicitly requested through an e-mail.

Click laboratories are an integral part of the examination
